

AIRTOP

45

bar

+80

- 40

°C

- 1 Black SBR cover
- 2 Polyester reinforcement
- 3 Inner surface in black NBR/SBR

APPLICATIONS

Compressor equipment used to supply pneumatic tools for worksite use. Normal use.

MARKING

AIRTOP PS 15 B / PLNE 45 B - Made in CEE trimestre/year of fabrication

Rubber hose reinforced with textile fibres.

Made of flexible SBR and NBR, with resistant polyester fibre reinforcement.

ADVANTAGES

Usable in all weather conditions, AIRTOP is the ideal hose for equipping construction-site compressors. Its robust construction makes it suitable for applications requiring enhanced durability, while maintaining the flexibility needed for easy handling.

CONNECTORS

Quick fittings with claw clamps of Ø 29.
